

Round 2, Castellivi de Rosanes Spain, July 26-27 1997

These results come courtesy of Tim Williamson at [Goatwheels](#). Tim makes no apologies for spelling. The tops of each category look very much like the American round, with the Mio/Gabriela battle continuing in Femina, Iker Lexeta again nosing out Kenny Belaey in Minime, and King Cesar once again cruising smoothly above the fray. in elite Peter Kraus and Martin Simunek switched places in Master, and the great American hope Shaun Miller had a promising day in Expert, finishing in forth. By the way, there were 165 competitors at this event. Must have been quite something.
