Art. 1 BIKETRIAL DEFINITION

BikeTrial is an original and individual sport that incorporates the use of a special bike which the rider must maneuver and balance in order to ride through specially natural or designed artificial “sections”. The objective is to pass through the sections in minimum time and with as little physical contact with the ground as possible, hence obtaining minimum penalty points.

BikeTrial promote the values that educate participants in a familiar environment, educating their members on the culture of respect for people and natural environment, and especially encouraging Fair Play, conditions that will have to be observed and promoted by all members, drivers, parents, and delegates.

Art. 2 TRACK

The track will be constructed on paths, roads and in forests (if necessary), along which the sections will be arranged. The maximum lengths per lap are: 5 km for Group A and 2 km for Group B. Riders must perform the sections twice. Track must be marked clearly by the organizer. Riders must follow the designated route and must not take an alternative route. See also Art. 13.35.

Art. 3 ENTRIES

An application form will be distributed upon presentation of a current BIU license issued by the BikeTrial National Union (BNU) of each country in the current year. Riders are allowed to receive only one license per year. If the rider possesses a license, he/she can enter any competition in that year. When a case of entry limitation applies, it should be started in the rules corresponding to the event or the championship. Handwritten licenses are not valid. License number has to be 3 figures for country code and 5 figures for issued number. (i.e. □□□-□□□□□). (e.g.: USA = 001 – 00001, Czech Republic = 420 – 00001, France = 033 – 00001).

Art. 4 SECTIONS

- 1) The sections must be new and neutral.
- 2) Dangerous sections must not be constructed.
- 3) The sections should differ substantially from each other and show variety.
- 4) The exit line of the sections should be drawn 2 m away from the difficult part of each section.
- 5) The event must not be organized in a place where a month before an event has been held in the same location. On that note, the organizer should try to look for new areas to make different sections.

Other:

- 1) The length and width of sections:

Length: about 20 m, width: 1m as the minimum

- 2) The number of sections:

Group-A: minimum 10 sections and maximum 14 sections

Group-B: minimum 8 sections and maximum 10 sections (Minime: maximum 10 Sections).

- 3) The jumps should be limited to each category as follows:

a. - Elite: The distance between two obstacles should be 2 m regardless of any excess distance that may be present.

b - Senior & Junior: 200 cm as maximum.

c –Benjamin: 80 cm as the maximum.

d – Poussin & Femina: 50 cm as the maximum.

e – Elite Femina & Minime: 120 cm as the maximum.

The rider who modifies sections after have been inspected by the Jury will be automatically disqualified from the race. If who those modifies a section is not a rider but is any team component, the Jury will have the right to impose appropriate sanction.

Art. 5 TIME

- **Section time**

The time limit to pass a BikeTrial section is 2 minutes.

Track time

These times below will be used as a guide:

1) 10 minutes per section

2) 15 minutes per km on the track

3) 60 minutes for delay penalization

(Example: In an event of 8 sections, and a track of 1km, two laps will be as follows):

1) 8 sections × 2 laps = 16 × 10 minutes = 160

2) 1 km + 1 km = 2 × 15 minutes = 30

3) 160 minutes + 30 minutes = 190 minutes in total + 60 minutes with delay penalization.

- **Neutralization**

The time delay control should be provided between 1st lap and 2nd lap, in the case that there are still some riders who didn't start yet.

- **Delay penalization**

Section: Over passing the time limit is 5 penalty points.

Track (start & finish): The start delay penalization will apply as soon as rider exceeds his/her starting time, and 1 penalty point will apply for every 1 minute of delay. In the case of a delay exceeding 10 minutes, the rider will be disqualified.

The finish delay penalization will apply as soon as the rider exceeds his/her finishing time, and 1 penalty point will apply for every 5 minutes of delay. In the case of delay exceeding 60 minutes, the rider will be disqualified. For example, if the truck time was 5:00:00 (4:00:00 + 1 :00:00 with delay penalty), the first penalty point (-1p) will be given to the rider when his/her running time became 4:00:00, and so on every after 5 minutes passed.

Art. 6 NEUTRAL ZONE

A neutral zone, from 2 to 3 meters, will be set at the entry of each section, at which the rider will wait while the preceding rider is performing the section. A line must be drawn to define the neutral zone and the entry of each section in order to indicate the beginning of the section. The rider has to start with both spindles inside the neutral zone.

Art. 7 THE START

- 1) The order of riders will be determined by means of drawing a ballot for each category.
- 2) A start will be made individually, with intervals of 2 minutes separating each pair.
- 3) Two riders will leave together at the same time. (Refer to the example).

Two riders will leave together at the same time (refer to the example).

- **Start systems:**

System 1: all riders start from section No. 1 and follow the numerical order.

System 2: half of riders start from section No. 1 and the rest of riders start from section No. 5 or 6 or 7 (Minimum 10 sections and maximum 14 sections in a event. It depends on how many sections were provided by the organizer).

Art. 8 SIGNAL CODE

- **Track:**

The track signals must be different from the section signals. The track must be thoroughly signaled from both start to finish and along all the sections in order to avoid any confusion to the riders.

- **Section:**

Each section must be very clearly marked. A line to indicate the start and finish of each section must appear. If it is necessary, an interval line will also be included. A line must also be at the end of each section to indicate when the end of the employed riding time will end. The sections will be numbered so as to correspond with each group as follows:

Group-A	1 to 10 (max 14 sections)
Group-B	21 to 28 (max 10 sections)

If needed is possible indicate the travel direction into the doors. To indicate the direction will be enough write the progressive number of the doors over the arrows in all the doors of the section. From 1 till the last door in the section. To understand the correct way, the Rider must read the progressive number of the doors.

Art. 9 DELIMITATION

The sections should be constructed on natural ground. Each section should be surrounded by resistant and impermeable ribbon. The ribbon must be totally visible and well secured to stakes or other objects which must be fixed underground. The entirety of the ribbon must be fastened at **APPROXIMATELY 30 cm** from the ground (as close as possible to this height). All broken ribbon must be replaced in the same position before another rider enters the section. Aside from the pre-mentioned suggestions for marking the track and sections, it is advisable to use some form of barrier to keep on-lookers at safe distance.

Art. 17 PUBLICITY

Advertisements on the rider's attire, helmet and bike are allowed. The advertising space on the plate number is reserved for the organizers. The rider cannot compete without original plate number given from organizer.

No object, sign or any items in addition to the normal racing clothing can be worn on podium by the Riders. National flag is admitted.

Art. 18 RIDER CLOTHES

The rider is under the obligation to wear: a helmet, pants, shirt and one piece footwear. If the rider does not obey with these attire regulations HE/SHE WILL BE REFUSED ENTRY INTO THE COMPETITION OR SECTIONS. Gloves, shirts with long sleeves, long pants and ankle protective footwear are strongly advisable but not compulsory.

Art. 19 THE RIDER

On competition of the entry form, the rider is permitted to observe the sections on foot. The entry order of riders into each section will follow the queue order. The rider shall at all times behave in a sportsman like manner throughout the event, refraining from any unfair action towards his fellow competitors, organizer or associates.

Art. 20 ORGANIZERS

The organizer must belong to an entity which is legally affiliated with the BikeTrial Union of that country. The organizer must obey by the issued Technical Rules, adjust the regulations to suit the event and provide all the necessary information to the riders.

Art. 21 ENROLMENT COST

The International Union, National Union, etc. are entitled to charge annual fees to the entities and organizers affiliated with them. The BIU is irrespectively entitled to charge a specific amount for any kind of authorization of an event. The organizer is also entitled to charge an entry cost to the riders.

Art. 22 AWARDS

In every Championship, the organizer must provide, as the minimum, a trophy or gift for the first three riders in each category. In the National and International Championships, all riders should be awarded a token souvenir.

Art. 23 CHAMPIONSHIPS

After every Championship, the organizer must hand the classification sheet (results), signed by the event director and the juries, to the respective union by the following week. The results must be accurately classified, quoting the points section by section for all riders. The number of Championship points to be awarded to all riders who finished the competition in each category as follows:

Place	Point	Place	Point	Place	Point	Place	Point
1 st	25	5 th	11	9 th	7	13 th	3

2 nd	20	6 th	10	10 th	6	14 th	2
3 rd	16	7 th	9	11 th	5	15 th	1
4 th	13	8 th	8	12 th	4	rest	0,1

Besides this, the organizer must provide a special classification sheet “Scratch” displaying the results of the riders who performed in the red color sections of Group-A.

Art. 24 CLASSIFICATION

• COMPETITION

1) Group-A, B:

The placing will be determined by the total penalty points. (With a handicap in Group B Femine Category).

The rider with the lowest points will be the winner of the competition, and so on. In the case of ties, the placing will be determined by the order as follows: (Refer to the chart 1)

- The rider with more 0 points. (Clean).
- The rider with more 1 points.
- The rider with more 2 points.
- The rider with more 3 points.
- The rider who completed the course in shorter time.
- The rider who won the special additional sections, (in the case of a tie still existing).

Chart 1 (Sections: 8x2. Time: 4 hours + 60 minutes with delay penalty)

	1st Lap								2nd Lap								Time			Total
Rider	1	2	3	4	5	6	7	8	1	2	3	4	5	6	7	8	Sta.	Fin.	T P

B	20*	25*	20(a)	25*	16(b)	106	70

In this case, rider “A” wins by better result in the last/rear competition.

Art. 25 CHAMPIONSHIP ASSEMBLY

BIU is the only organization that has right of ownership over the name “BikeTrial”, and the championships (World, continental, national, regional). The organizer of Championships must obtain the right to hold an event from BIU through the delegate of that country. The national BikeTrial union has ownership over the national and the regional championships and the connected unions. Every country which organizes an international event must sign the BIU agreement ten months before the event as the minimum, and must pay the entry fee five months before the event as the minimum. If the money is not received before the agreement - deadline, the BIU will notify the cancellation of the event to all the delegates. If the organizer has an outstanding balance or the event does not meet the BIU standards, the sanction will be carried out against the BikeTrial national union. All fees are non-refundable and non-transferable in case of cancellation of the event. The country hosting the international championships will be responsible for the management and organization of the event. The regional championships will be organized by the union correspondent. Regarding the World Indoor Cup, there will not be a limitation placed on the number of events, and every country will be able to hold more than one event. In order to receive permission to hold an event, the country concerned must apply for a license from the BIU head office before the last day of September in the current year. The technical group will arrange the calendar for the Championship events, highlighting all important items and details to make clear to all respective organizers and license holders in the current year.

BIU is the supreme world sports authority empowered to manage the BikeTrial, Blind BikeTrial, Push BikeTrial and Nature Ride activities and represent this activity in front of other legal entities. In this respect, it acts as the supreme world body for settling disputes, which might arise from organization of such activity. It is responsible for launching the entire system of championship competitions in BikeTrial, including launching and declaring official Champion titles in all BikeTrial categories. As a result, it determines the technical and economic conditions for operation of organizations involved in the BIU competition system. The same applies to transmissions or audio or video recording related to all events included in the BIU championship system (competitions), including any related advertisement.
